Media Carousel Plus

Organize and Find Your Discs Quickly!

HOLDS 150 DISCS

The Media Carousel Plus is used by: libraries, hospitals, accounting firms, research centers, schools, photography studios, law enforcement agencies, television & radio stations, music production facilities, even by RV enthusiasts... to name a few.

Item #134 1450

- Select discs by keypad quickly and easily
- Built-in 1-port USB 1.1 hub
- Supports discs up to 1.4mm thick
- Software supports Windows® 98SE/Me/2000/XP/Vista

The Media Carousel Plus stores and organizes up to 150 discs and can locate and deliver any one of them in seconds!

Retrieve discs using the keypad or use the included 6' USB connection and included software to build a search-able database on your computer... then with one click your disc is called up! A built-in single port USB hub allows you to daisy-chain another Media Carousel or to connect a USB accessory, such as a mouse or scanner.

KEY FEATURES

Store up to 750 discs when you stack 5 units!

Carousel quickly rotates and delivers the disc you request right to your fingertips

Also available in beige
134 1370

Daisy-chain up to 5 carousels using the built-in USB port or, using USB hubs, connect up to 127 carousels to 1 PC
